

About Us

- Here at Ivy Gate we are in tuned with your needs. In our peaceful sanctuary, 8-16 people become family.
- Our quality of care differs from larger communal living facilities and traditional nursing homes by offering more quality time with your loved one by committing to never housing more than 16 residents at a time.
- We are here to serve your loved one, ease your mind and lighten your load. We applaud you for the care you are giving your loved one and we understand the tremendous commitment you have pledged. We want you to know you don't have to do it alone. We exist to serve.
